

Bulletin #: 25-003
Date: December 5, 2025
Subject: New PQV-Pro Valve Now Available

Clemco is excited to announce the release of our new PQV-Pro Valve! After listening to customer feedback on other valves, we’ve designed the PQV-Pro to be more durable, simpler to install, and easier to service.

Features and benefits of the PQV-Pro include:

- Piston-actuated for simplicity and reliability
- Only 1 signal line required: no 4-way solenoid
- Serviceable on the pot: actuator replacement in <10 minutes

Individual PQV-Pro valves will be available for purchase on December 5th, 2025.

Orders for Pressure Blast Cabinets and pneumatic valve-equipped Blast Machines placed after December 1st, 2025, will ship with a PQV-Pro. See the attached list of part numbers affected by this changeover.

Through March 2026, Clemco will offer a \$200 rebate when you order a PQV-Pro to replace a GritWizard. After receiving the PQV-Pro, simply return the used GritWizard and provide the original PO. Clemco will pay shipping on GritWizard returns. Standard shipping charges apply to PQV-Pro orders.

Individual PQV-Pro part numbers and list price are as follows:

- **32120** 1.25” w/ ball valve \$1,300 (\$1100 after rebate)
- **32390** 1.50” w/ ball valve \$1,300 (\$1100 after rebate)
- **32389** 1.25” \$1,200 (\$1000 after rebate)

A quick-swap actuator service kit is available and comes with a full factory warranty. The actuator can be swapped in under 10 minutes – perfect when lengthy downtime is not an option. There is a \$150 rebate for returning a used actuator assembly.

- **32118** PQV Actuator (inc. Seat & Gasket) \$795 (\$645 after rebate)

An optional Metering Under Pressure Kit is available to enable easy adjustment while blasting. The kit can be mounted remotely on the signal line, or directly to the valve (shown right).

- **32400** Meter Under Pressure Kit \$150

Individual GritWizards will not be available for sale after December 5th, 2025. GritWizard spare parts support will end in December 2030. Clemco will announce a last-time buy for GritWizard spares prior to this date.

Please contact Clemco Technical Sales with any questions!
